

A Special Invitation !

If your group is arts oriented,
I invite you to join me
at my studio
for an afternoon / evening
of viewing and conversation.

A visit to Marilyn Lightstone's studio was a real treat for our group of art-loving seniors from Ryerson University. In spite of our collective life experience there was still a lot to learn about new art forms, such as computer enhanced photography, sometimes combined with old-fashioned paint. And then there was Marilyn's charm, warmth, and wonderful hospitality, which made the afternoon a delight.

A visit to Marilyn Lightstone's spacious and light-filled studio long remains in one's memory.

Her evocative and beautiful artwork - which includes photographs, paintings, and mixed media - is testament to her unbridled creativity and her love of travel, the people she meets, and the majesty of nature.

A truly special person and place.

Dear Marilyn,

On behalf of Noar Chapter of Hadassah I want to thank you for participating on our Annual Fund Raising Art Day on May 11, 2011.

We received very positive feedback from the 110 ladies who visited your studio.

They loved not only your art, but also your gracious hospitality, your detailed explanations and the answers you supplied to the questions asked.

The studio, a most attractive space, was well equipped to accommodate our two busloads of 55 people each.

Again, thank you for helping to create a very special and successful day.

All the best,

Fran Giddens and Carole Zucker, Co-Chair Noar Art Day

Artist Marilyn Lightstone is welcoming groups to her spacious, west-end, loft studio, and it's well worth a visit.

The space is reminiscent of a New York studio gallery; the well-worn halls giving no clue as to what lies beyond the studio door. Windows flood the 2000 foot space with light, and the walls dance with the extravagant colour of Marilyn's photos and paintings. Her knowledge and insight, coupled with the warmth of her welcome, make for a truly enjoyable experience.
